Soft Skills

Adaptability

Efficient

Team player

Time Management

Problem Solving

Keen Listener

Personal Project

Available transfer capability(04/2020)

- It is a measure to transfer capability remaining in network for commercial activity through impedance bus.

Transformer less DC-DC boost converter with high step-up voltage gain(12/2021)

- A transformer less booster, (DC-DC) boost converter is used to step-up voltage with low duty cycle and get high voltage gain.

Certificates

Machine Learning workshop at National Institute of Technology, Trichy(14/02/2020)

Basics of Machine Learning

E-Vehicle design at PSG College of Technology (21/2/2020)

An workshop about E-Vehicle and its details with practical session.
